2018-2019
Play & Recreation

Family Connection Nights

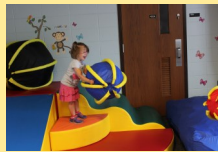

Our purpose is to share strategies allowing students who are blind or visually impaired to successfully navigate their daily lives at home, school and in the community. Each year, we put up a theme for the Family Connection. For 2018-19 the theme is play and recreation. This includes: adapted and adapting games; sports and recreation; and outdoor activities for groups and families.

Family Connection Nights Are

- An opportunity for families to network and share experiences;
- A place to receive information specific to your child who is blind, visually impaired including those with multiple disabilities;
- A chance to learn about skills used to live independently;
- A safe zone to ask the difficult questions;
- An opportunity to meet members of the Wisconsin Center for the Blind and Visually Impaired - Outreach team and hear about our innovative programs.

Learn about recreation for students with visual and other impairments

- Discover adaptive sports
- Learn to play and adapt games
- Help your child take part in family outings
- Learn how play affects learning

For detailed information and registration for each Family Connection Night and other programs offered by the WCBVI Outreach team, please click the following link for the Outreach Calendar of Activities:
